BA Throughput report

This report allows you to view a 3D wireframe model of your product and to rotate the model by clicking and dragging the mouse.

Production for specified period of time

What thoughts do you want to see?

● For BA1 ● For Project Line

Do you want to see the output for a time period, or comparison?

For the above reasons, the Commission has concluded that the proposed rule is necessary to protect investors and the integrity of the market.

BA Utilization (Coil Winding WC)

This report shows you to view Avg % Utilization by DALI for the coil windings work center. You can either view utilization for any period of time, or you can compare utilization for 2 periods of time (e.g. compare one month to another). Utilization is the percentage of usage time (actual usage time divided by the scheduled available time, not the DALI for standard period of time).

Do you want to see utilization for a time period, or comparison?
